Step's Foundations Life Skills Program

We come to you with another update for our Life Skill's Program. There is no longer a fee for student's attending our program, and we are no longer requiring that students be based in Osceola County. We are providing these skills free of charge to students in the Central Florida area. Our location will remain in Osceola County but we open this program up to any student that wishes to attend.

We're also excited that because of this those students will be eligible for scholarships that we will be providing. Stay tuned, because over the next few months we will begin to reveal the scholarship information so that student's will know what the requirements are for each scholarship.

To register your student for each workshop, visit our website at www.stepsfoundation.org/events. Once you register we will send you the application that must be filled out prior to students coming. If we don't have their application before hand we won't be able to take them. Please understand that space is limited so we will only be taking 25 students per workshop right now due to COVID-19.

COVID-19 UPDATE

In our last Newsletter we mentioned what we planned to do in order to keep students, volunteers and speakers safe during the pandemic while involved in our program.

We want to make sure that we keep you up to date on all the changes we make as we make them.

- We will be requiring that all students come with masks.
- We will be taking temperatures at the door. If a student has a fever they will be turned away.
- We will provide hand sanitizers for each table.
- We will be practicing social distancing and spacing students out.

If you have any questions or concerns please reach out to us and let us know.

Non-Profit Spotlight

Unload, Inc

Unload, Inc is a nonprofit based in the Central Florida area that focus's on helping and serving single mothers. We often see many programs out there that focus on youth development, and things handling our children but rarely do you see one that supports the single mothers.

Daphnie Corvil did something to change that dynamic. Some of her plan for helping single mothers is providing a outlet for them to speak and be supported.

Thank you Unload, Inc for all that you're doing to support single mothers in the area.

Sponsorships

I pledge to make a difference is a pledge that Step's Foundation, Inc truly believes in. We believe that the small differences makes the biggest impact. We are often asked "How can I help"? There are so many ways that you can help but if you're unsure here are a few:

- 1, You can volunteer your time, expertise, or services. We love volunteers and we can tell you there is so much work to be done from helping setup and take down workshops, helping register families, spreading the word, joining committees, helping plan events, help put together goodie bags, etc.
2. We are looking for workshop sponsors. This is \$100 and it helps cover the cost of supplies for the workshop.
3. We are looking for student sponsors. The cost of a student sponsor is \$250. This helps cover the cost of the student grab bags and t-shirts.
4. Make a one time or monthly donation in any amount.
